

## Continuing Education Input and Credit Guide

The BCSLA informs everyone upon acceptance of their membership of the mandatory Continuing Education (CE) Requirements as per **BCSLA CE Policy** and circulates a summary of CE Credit totals along with annual professional dues invoices. Per three-year reporting period, BCSLA Registered Landscape Architects, Landscape Architects, and Interns must report a minimum of 30 CE Credits and Inactive Landscape Architects must report a minimum of 15 CE Credits. Those who are deemed CE-Non Compliant can expect disciplinary action as per **CE Schedule A**.

As the BCSLA Continuing Education requirements are self-reporting, it is up to the individual to determine whether or not the activity is relevant to Landscape Architecture. The individual must also determine the number of credits to assign to each activity. CE Credits can be reported at any time throughout the three-year reporting period, but it is recommended that they be reported as they are required or by December 31 of each year.

If you need assistance, please contact the BCSLA office and we would be happy to guide you through the process, or visit [www.bcsla.org/education/continuing-education-ce](http://www.bcsla.org/education/continuing-education-ce).
