W.H. (Pem) van Heek*
Woodruff Wood*

* Deceased

The BC Society of Landscape Architects (BCSLA) was formed in 1962 and registered in 1964 under the BC Societies Act. BCSLA regulates the profession of landscape architecture according to provincial statute. Landscape architecture is a comprehensive discipline involving land analysis, planning, design, management and conservation and rehabilitation. Typical projects include site design, urban planning, environmental impact studies, parks and recreation planning and residential garden design. The BCSLA promotes continuing education and high standards of professional practice in order to assure the health, safety and welfare of the public in British Columbia.
