

## Landscape Architecture Technologist

Fort St. John, BC

### About the Opportunity

Our Peace Region Practice is looking to add a capable, enthusiastic Landscape Architecture Technologist to our growing professional practice. Our interdisciplinary design team is invested and committed to delivering high-quality work on exciting and challenging public realm projects that create identity and foster resilience in communities.

Coupled with the diverse learning and project experience opportunities, do you see yourself excited to contribute to:

- Communicating and collaborating with internal and external project teams.
- Reviewing and implementing municipal guidelines and standards.
- Preparing and reviewing detailed design drawings, including custom construction details and specifications.
- Supporting the preparation of conceptual design packages and visualizations using hand and computer rendering techniques.
- Performing site inspections, attending construction meetings, and supporting the administration of construction contracts.
- Identifying risks and troubleshooting potential solutions.
- Advocating for the importance of the landscape architecture profession and assisting in raising the profile of the practice.
- Building long-term community connections and relationships while living and working in the North.

### About You

Our ideal candidate is a recent graduate from a Landscape Architecture Technology program with up to 3 years of experience in landscape architecture design, production, and construction.

The core skills that will help you succeed here include:

- You understand landscape design at a technical level, including planting and hardscape details.
- You are proficient, or have the desire to become proficient, in AutoCAD, Civil 3D, LandFX, Sketchup, and other 3D modelling programs.
- You are collaborative and appreciate diverse backgrounds.
- You are organized and thrive in a self-directed work environment.
- You have a strong knowledge of the Microsoft Office Suite.
- You demonstrate a commitment to ongoing personal and professional development.
- You have strong written and verbal communication skills and are able to convey information to a wide variety of audiences.
- You have a valid Class 5 Driver's License or equivalent.

### About Us

Urban Systems is a Canadian employee-owned interdisciplinary community consulting firm. We are united in our mission to transform communities everywhere into vibrant places where people want to live today, tomorrow, and forever.

At Urban Systems, vibrant communities are everything—including our own work community. Since 1975, we have grown to more than 700 people with 18 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients, including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

We care for our communities and for our people. It's our differences that make us exciting, and our shared belief in Urban Systems that binds us together. We're searching for the creative and passionate and the curious and courageous to join us in creating meaningful and generational change in communities.
